News at ISE 2006 Brussels

NorStone Design is constantly developing its lines to make its AV furniture available in wide-ranging versions. The top priority is to conceive with the best materials and technologies, stylishness furniture and speaker stands that will perfectly fit in any furnishing environment.

Norstone definite philosophy is to design products that will always deliver class-leading performance at the best value for money.

The **Integrated Systems Europe** of Brussels is another great opportunity to introduce you the latest novelties on INOVADIS booth :

HALL 5, STAND D41

Più AV « Best Seller » line :

- *Più AV is the ideal piece of furniture to hold a complete Home Theater equipment.*
- *Available in different color finish, it will perfectly match with any home décor.*
- *« piano black lacquer » finish for a classy and pure atmosphere.*
- *« light oak finish » finish for a warm wood atmosphere.*
- *« wengé » finish for a modern and exotic home-style.*

Più AV Wengé

The purity of Epur line :

- *Epur line will perfectly blend with any kind of décor. Sobriety and transparence guaranteed.*
- *Tempered glass and satin finish metallic structure for AV and Hi Fi use.*
- *EPUR X is the new-born of the line: convenience and ease of use for a discreet integration of any kind of electronic devices. An adjustable internal glass ensures the perfect adjustment of the shelves height to the size of the electronics.*

Epur X
