### March 2006 Events

Inovadis is a French group of development that manages the conception, the manufacture and the marketing of 3 ranges of products.

Lumene offers a wide line of projection screens, especially designed for Home Theater use.

NorStone Design contemporary AV furniture is inspired by the young generation of French designers. The 2006 collection mixes the design season's trends and features specifically needed by Hifi and Home Theater use.

Highland Audio offers state-of-the-art technologies in terms of acoustics and pure lines of a minimalist design.

All Inovadis products always impress by their good price, great features and elegant design.

**May you visit France or Canada next week, you cannot miss 2 major local exhibitions that will give you a good overview of the available products.**
